Caso Flamingo oficialmente 'on the go' cu 'regiezitting'

Ayera mainta caso Flamingo a inicia oficialmente na momento cu Corte den Prome Instancia, a tene un asina yama 'regiezitting' cu riba su mes ta nifica 'un sesion den Corte como preparacion di e contenido oficial pa atende c'un proceso hudicial.'

Cu otro palabra loke a tuma luga ayera mainta den presencia di ex Minister Otmar Oduber y otro sospechosonan den e caso aki, manera Aisha Esser, Laurence Philips, Gilbert Tiel kende por cierto no a presenta, Jeandrick Oduber y Richenella Wever Croes, tabata pa mira kico tanto Ministerio Publico kier agrega na su dossier den e caso y e sospechosonan kendenan pa medio di nan abogadonan, lo pidi Corte pa scucha mes testigo cu lo duna informacion cu nan ta considera valioso na nan favor.

Pues mucho informacion riba contenido di e caso mes no a bin dilanti pero asina mes el a dura dos ora den parti di mainta caminda entre otro abogado mr Vito Carlo a solicita inclusion di varios testigo, mescos cu abogado mr Desiree Croes tambe a haci pa su cliente sra Esser, mientras cu abogado Odor kende ta representa Richenella Wever Croes, a pidi tambe pa yama algun testigo pa su cliente caminda algun di e testigonan tambe a ser pidi pa abogado Carlo di Otmar Oduber.

Impactante ta e hecho cu abogado Carlo den representacion di ex Minister Oduber, a solicita Corte pa scucha alrededor di 30 testigo kendenan Ministerio Publico no kier a scucha anteriormente.

Loke a sorprende ayera mainta ta e hecho cu tin abogado cu no a ricibi e 'dossier' completo for di Ministerio Publico y entre otro abogado Carlo den nomber di sr Oduber, a pidi pa schuif e regiezitting di ayera pa mas despues pero Corte a nenga esaki.

Pa colmo no ta representantenan legal di e ex mandatario so no a ricibi dossier completo pero tin abogado cu no a haya esaki den su totalidad pero asina mes ta creando e impresion cu kier "pusha" tratamiento di e caso aki mas lihe posibel loke ta duna indicacion cu e sistema legal lo kier laba man di e caso aki, pa asina sea Corte Superior of Corte di Casacion bira esunnan cu ta determina final di e proceso aki.

Durante tratamiento di e sesion ayera mainta, un biaha mas Ministerio Publico cu su investigacion a haci su mes culpabel na un tipo di impone nan pensamiento riba e sospechosonan loke ta duna e impresion cu nan mes ta guia e sospechosonan den e caminda cu nan kier pa e acusacionnan wordo dirigi.

A bolbe musta Hues ayera mainta riba e aspecto aki y di con ta kere cu mester yama testigonan cu realmente no a duna un declaracion concreto y completo pa Ministerio Publico, loke sin duda ta di condena si esaki berdaderamente ta e caso.

E hues cu a trata e caso ayera, a caba di yega Aruba pa e atende cu e 'regiezitting' aki y kende tambe lo ta e Hues cu lo atende henter e proceso ora cu tur cos ta cla pa e bin dilanti mesa berde.

Diahuebs venidero Corte lo tuma un decision riba tur e peticionnan cu a ser pidi caminda un biaha mas Ministerio Publico a haci apelacion riba Hues pa no acepta e peticionnan aki y rechasa tur di nan.

Ehecucion di 'Lanspakketten' no ta bayendo bon

Riba dos punto Aruba a keda atras di cual uno dor di Hulanda mes

CFT ayera a manda e asina yama “uitvoeringsrapportages Landspakketten” di Aruba Corsou y Sint Maarten, pa Tweede Kamer caminda ta resulta cu gobierno di Corsou riba ocho punto, ta kedando atras cu su ehecucion, mientras cu gobierno di Aruba a cay cortico riba dos punto. Un di e puntonan aki segun e reportahe aki di CFT, no ta completamente pa falta di Gabinete Wever Croes II pero cu gobierno di Hulanda mes tin falta di esaki ya cu Aruba ta wardando riba contesta di Hulanda pa mira kico lo tin cu haci.

Corsou ta e isla cu tin ocho punto cu ainda no a haci mucho cos cu esakinan mientras cu Sint Maarten si a bin ta cumpliendo pero asina mes e informacionnan riba e ehecucion di e Landspakketten, ta muestra cu e ehecucion di e puntonan, ta canando hopi “stroperig” cu a nifica na papiamiento, pegagoso, pues cu nan ta pega!

CFT ta papia cu tin “veel onderdelen: cu ta coriendo atras relaciona cu a planificacion y e reportahe ta indica cu Sint Maarten tin ‘1 rode vlag, Aruba tin ‘2 rode vlag, di cual un di nan tin di haber cu e situacion na Den Haag mientras cu gobierno di Corsou tin 10 ‘rode vlaggen’ y cantidad di ‘oranjevlaggen,’ cu no ta algo bon.

Ta ser muestra cu ora ta papia di ‘rode vlag, esaki ta nifica cu e riesgo ta grandi pa logra realisacion di e metanan cu a wordo fiha y cu esaki por pone ehecucion di medidanan core peligro.

Sinembargo e publicacion a muestra cu Secretario di Estado Alexandra van Huffelen ta mira e situacion aki como algo positivo ya cu e retrasonan aki segun e mandatario, a necesario pa atende e proceso aki den un proceso cu tin cu ser hiba cu hopi cautela, cu participacion y pa ta duradero.

E reportahe di CFT cu a wordo manda pa Tweede Kamer, ta riba e di tres kwartaal di 2023 a wordo acorda y firma pa Minister President di Aruba, Evelyn Wever Croes, Minister President di Corsou, Pisas y Minister President di Sint Maarten, sra Jacobs kendenan a confirma esakinan y a firma nan.

Reportahe di e ehecucion di e periodo menciona di e ‘Landspakketten,’ ta duna informacion hopi detaye a riba progreso di e nivel di actividadnan riba e periodo menciona.

Secretario di Estado van Huffelen a muestra cu mirando bek riba e periodo aki, e ta nota cu mayoria di e temanan relaciona cu a fase di proyeccion di e trayectonan di reformacion, a tuma tempo pero cu tabata necesario pa logra un proceso participativo y duradero di esakinan, den e contexto di capacidad di e paisnan aki.

Segun van Huffelen, a pone un base pa gran parti di e proceso aki y su persona ta mira cu hopi confiansa cu lo yega e momento cu e reforma nan aki realmente lo wordo implementa y cu su persona ta den contacto estrecho cu e Premiernan di e paisnan aki pa loke ta progreso, efectividad y retonan cu e reforma nan aki ta trece cu nan.

Caso Flamingo

“Ora cabaron sali for di lodo y bisa cu e lodo ta hole stinki, ker’e”

Den un di e reunionnan mas maratonico cu Parlamento of antes, Bestuurcollege aki na Aruba a yega di pasa den, ta na momento di un confrontacion serio entre e fundado y e lider di MEP di e tempo ey, Betico Croes den feliz memoria y Watty Vos tambe den feliz memoria.

Durante di debatenan masha interesante entre politiconan grandi di e tempo ey, Guillermo Trinidad di fraccion di AVP, dado momento a bisa lo siguiente den su disertacion: “Ora cabaron sali for di lodo y bisa cu e lodo ta hole stinki, ker’e.”

Ta un dicho asina ta pasa den hopi hende nan cabes na momento di sigui analisa y scucha henter e proceso cu Ministerio Publico a inicia contra di ex Minister Otmar Oduber cu tin similitud cu otro casonan contra di ex Ministernan manera Paul Croes y Benny Sevinger anteriormente. Ayera mainta durante di e “regiezitting “ pa e caso di Flamingo, un biaha mas ta surgi indicacionnan cu no ta duna un bon impresion di e trabou investigativo cu a wordo haci dor di Landsrecherche y tampoco Ministerio Publico.

Di con, pa motibo cu ta trata di un caso cu a inicia den “grandi” pero cu ayera mainta el a muestra mas bien riba un caso cu no tin mucho contenido y seriedad sigur mirando e acusacionnan cu Fiscal a pone riba papel contra di e sospechosonan.

Caso Flamingo a inicia na luna di September di 2019, algun luna despues cu Otmar Oduber a dicidi di retira como Minister den Gabinete Wever Croes I, loke ta indica cu dos luna pasa e caso aki a cumpli su periodo di cuater aña cu tur hende ta bou di investigacion.

Cu otro palabra na momento cu a inicia cu e investigacion aki, no tabatin mucho evidencia concreto pa ta sigur cu lo tin un caso den corte y tuma cuater aña pa hinca algo den otro, mescos cu e caso di IBIS y Avestruz.

Es mas, caso IBIS Ministerio Publico y e e sector hudicial tin 8 aña persiguiendo Paul Croes, presionando un famia cu muchanan involvi, sin cu esaki tabata necesario pero na momento cu ta inicia un caso caminda ta e ora Ministerio

Publico ta bay hinca e caso den otro, e tipo di abuso ta tuma luga ya cu hasta tin hendenan cu a wordo presiona pa declara cierto cosnan.

Pa muestra esaki tambe, por señala cu na 2019 na momento cu Hues Comisario encarga cu e caso Flamingo a publica e acusacionnan contra di e sospechoso Otmar Oduber, Ministerio Publico a publica un lista cu 7 acusacion pero di e shete acusacionnan aki, algun di nan hopi serio, ayera mainta Fiscal ta presenta SOLAMENTE tres acusacion contra di e ex politico.

Primeramente riba e lista tabata asina yama ‘valsheid in geschrifte’ cu ta falsificacion di documento, cu a cay afo awor, tambe tabatin acusa e ex mandatario di “aannemen van steekpenning (al dan niet handelend in strijd met zijn plicht) cu ta soborno.

Kisas un di e acusacionnan mas serio a bira e acusacion caminda Fiscal a acusa Oduber pa “deelneming aan een criminele organisatie” pues cu Otmar Oduber ta forma parti di un organizacion criminal.

E acusacionnan aki tambe Ministerio Publico a acusa tanto Paul Croes como Benny Sevinger di dje, haciendo como si fuera e tipo di acusacionnan aki ta un tipo di wega pa presiona sospechosonan pero den tur tres caso, Minister Publico a laga e acusacionnan aki cay.

Otro acusacion serio contra di e ex Vice Prome Minister di Aruba tabata “opzet/schuldwitwassen) pues cu e ex mandatario lo a laba placa y ayera mainta esaki tampoco tabata riba e lista.

Por ultimo otro acusacion cu Fiscal a dicidi di scrap for di su lista di acusacionnan, ta “onverklaarbare vermogensverhoging” cu tambe ta un acusacion hopi serio pero cu tampoco ta riba lista mas.

Ta mas cu claro cu hendenan ta cuminsa pensa riba kico ta pasando, kico e sistema hudicial ta haciendo, di con e falta di respet aki pa ciudadanonan cu den cierto forma ta ser sometidos na un presion y tortura emocional pa asina logra haya prueba pa e sistema hudicial.

Aruba No Ta Discrimina Contra Comunidad LGBTQ+

Dia 3 di november un gran cantidad di ciudadano a subi caya pacificamente pa muestra gobierno cu mayoria di e pueblo di Aruba kier mantene matrimonio como un aliansa entre un homber y un muhe den nos leyman. Di otro banda ta un grupito chikito ta duna hopi publicidad na y ta haya hopi publicidad pa e causa di e comunidad LGBTQ+. Corte di casacion na Hulanda tin un veredicto di Hof den discusion y den Parlamento di Aruba tin un proposicion di ley den discusion. Loke ta den discusion ta si dos persona di e mesun sexo tin e derecho di casa cu otro na Aruba.

Corte Europeo pa Derecho Humano, e corte mas halto di mundo den asuntonan di derecho di hende, a dicta caba cu un pais cu nenga parehanan di mesun sexo e derecho pa casa no ta discrimina. Aruba su codigo civil no ta discrimina parehanan di mesun sexo pasobra Corte Europeo pa Derecho humano a dicta cu casamento di hende di mesun sexo no ta igual na casamento di un homber y un muhe. E veredicto aki ta e jurisprudencia pa aplica den e caso actual di casacion di Pais Aruba.

Den e veredicto di Hof e huesnan a argumenta cu no tin documentacion cu mayoria di e pueblo ta contra matrimonio di personanan di mesun sexo. Pero e echo cu un gran cantidad di ciudadano a subi caya na un forma pacifico pa defende matrimonio original mester ta suficiente motibo pa Gobierno busca pa sa kico mayoria di pueblo ta opina. Basa riba leyman existente e Corte di mas halto di derecho humano no ta obliga Aruba legalisa matrimonio di mesun. E unico motibo valido pa Parlamento legalisa matrimonio di mesun sexo ta si mayoria di nos pueblo den

un referendum organisa pa Gobierno scoge pa reconoce e relacion entre dos persona di mesun sexo como matrimonio. E decision aki mester ta den man di henter nos pueblo y no den man di un mayoria di casualidad den Parlamento.

Paro den eurozone ta subi inesperadamente na 6,5% memey di trancamento den economia

Deseempleo den Eurozone a dal un buelta inespera ora cu a subi na 6,5%, alehando di su minimo historico. E aumento di e paro, cu na september el a subi na 69 mil persona, por atribui na un combinacion di tipo di interes halto y un economia tranca cu a cuminsa afecta e mercado laboral den 20 pais miembro di e Eurozone.

Banco Central Europeo (BCE), cu recientemente a interumpi su serie di subida di tipo di interes, ta sigui di cerca e evolucion aki, en particular pa loke ta referi e crecimiento salarial, motor importante di e presionnan inflacionista reciente. Isabel Schnabel, miembro di e Consejo di Administracion di BCE, a expresa su preocupacion p'e debilitamento di e mercado laboral prome cu a publica e ultimo datonan y a subraya e problemanan cu por trece p'e caida premira di e inflacion basico si persisti e tension riba e mercado laboral.

E economistanan a anticipa cu e desempleo lo mantene riba e minimo historico di 6,4%, segun un encuesta di Reuters. Sinembargo, e aumento inespera di desempleo na september ta señala e inicio di un caida di e mercado laboral di e Eurozone, despues di varios año di recuperacion constante.

E previsionnan di BCE ta muestra cu e desempleo den e Eurozone por alcanza 6,7% otro año, impulsa pa un crecimiento lento cu por obliga e empresarionan pa reduci nan forza laboral.

Claus Vistlesen, economista di Pantheon Macroeconomics, ta premira cu desempleo den e Eurozone ta sigui aumenta den e proximo lunanan. E prevision aki ta basa riba un GDP basitante y den encuesta cu ta indica cu e empresanan, vooral e fabricanan, a cuminsa cu retiro.

Tin di señala cu e indice di desempleo di e Eurozone a progresa notablemente a lo largo di e añanan. El a reduci casi na mita desde cu el a yega e maximo di 12% na 2013, durante e crisis di e debe soberano. Aunke a aumenta brevemente na 2020 debi n'e paronan indicu p'e pandemia, e plannan di suspension di trabao a yuda wanta e impacto y e indice di trabao a sigui cay a pesar di e disminucion di e actividad economico durante año pasa.

E año aki, e crecimiento di e Eurozone a tranca, gran parti debi n'e inflacion halto, e subida rapido di e tiponan di interes di BCE y e disminucion di e economia mundial. E GDP di e bloke a trece 0,1% den e di tres trimester compara cu e trimester anterior.

E datona ta muestra cu e porcentahe di e empresanan cu ta declara cu e scarsedad di trahado ta limita e produccion, a baha den tur e sectornan. Fuera di esey, e intencionnan di contractacio di e empresanan a cay bao di e promedionan a largo plaso den e sectornan determina. Algun empresa, cu a enfrenta e caida di e demanda y perdiendo e speranza cu nan ta mehora brevemente, a cuminsa aplica recorte di nan forza laboral. En particular e distribuido Aleman di hero Klöckner a anuncia recientemente su plannan pa kita por lo menos 300 luga di trabao, igual na 10% di e forza laboral di su negoshi comercial na Europa.

Bradley Saunders, economista di Capital Economics, a premira un trancamento di e crecimiento salarial den e proximo trimesternan. Ta señala un bahada di e indice di vacante na Europa y un tendencia den e bahamento di e ofertanan di trabao riba plataforma manera Indeed de pais manera Alemania y Francia.

Aunke BCE ta spera cu e pago di e empleado di e Eurozone aumenta cu 5,3% e año aki, hopi riba e obhetivo di inflacion di 2%, tambe ta premira un trancamento di e crecimiento salarial entrante di dos trimester di e año aki, cu un proyeccion di 3,8% na 2025. E evolucion aki ta refleha e interaccion compleho di e forsanan economico cu ta configura e mercado laboral y e perspectivanan economico di e Eurozone.

Colombia ta aplica e “impuesto saludabel” mas ambicioso di Latino America riba alimento ultraprocesa

Un medida innovado di salud publico a drenta na vigor na Colombia, introduciendo impuesto progresivo desde 10% riba un serie di alimento y preparacion ultraprocesa incluyendo bebida cu sucu, cos dushi y algun carni procesa. E expertonan den salud publico di Chile y Mexico ta considera cu e iniciativa aki ta esun mas completo di su clase den e region. Mientras cu e otro paisnan a avansa den area manera e regulacion di e publicidad den orario familiar y e implantacion di e label nutricional frontal, e “ley di fast-food” di Colombia, cu ta forma parti di e reforma fiscal di e Presidente Gustavo Petro, a presenta un enfoke integral.

E indicenan impositivo p’e bebidanan di sucu y e alimentonan ultraprocesa lo aumenta den cuadro di e ley nobo. E tipo impositivo lo aumenta cu 10% pa loke keda di 2023, sigui pa un aumento di 15% na 2024, pa yega finalmente na 20% den 2025. E impuesto riba bebida di sucu lo ahusta den funcion di e concentracion di sucu pa cada 100 milliliter.

E empresanan grandi a opone fervientemente n’e medida aki durante varios aña expresando nan preocupacion pa su impacto riba e minorista y productornan chikito. E regla nobo aki ta ricibi cu skepticismo di parti di e industria vooral pa loke ta e efectonan riba e dificultadnan economico y e aumento di prijs di alimento, mirando e aumento reciente di inflacion na Colombia.

E afirmacionnan di e industria riba esaki ta refleha e prome debatenan na Mexico despues di e introduccion di impuesto riba sucu na 2014. Den ambos caso, e estudionan patrocina p’e industria a cuestiona e eficacia di tal impuesto.

E expertonan den salud ta destaca e creciente prevalencia di presion halto y e prehipertension na Colombia, cu ta afecta mas di 40% di e poblacion, den tur e gruponan di edad. E consumo halto di salo ta un factor importante pa loke a hiba e organisacionnan medico y civil a haci campaña pa reduci e consumo di sodio, como tambe sucu agrega y vet satura den e dieta.

E indice di obesidad y sobrepeso tambe a bin den aumento y e Ministerio di Salud ta calcula cu 56,4% di e Colombianonan tabatin sobrepeso na 2021. E preocupacionnan aki pa salud ta contraresta e preocupacionnan economico di e sector comercial, cu poco strategia pa desalenta e consumo di alimento gelabel como “junk” cu ta aline cu e expectativanan di e industria.

E criticonan ta sostiene cu e criterionan di gobierno pa categoria e productonan a bin ta deficiente, exonerando innecesariamente cierto producto di impuesto mientras cu e ta agrava otro inhumamente. Thierry Ways, un empresario destaca, ta ilustra ehempel manera e excepcion di un cuminda procesa, cu ta contene mas aditivo cu carni, mientras cu ta impone un impuesto riba ham natural, componi pa solamente dos ingrediente, carni y salo. Ta sostiene cu no tur alimento procesa ta perhudicial y ta pidi pa pone atencion den mehora e calidad di alimento.

E experiencianan di Mexico y Chile, cu maneho sanitario similar a aplica, ta sugeri cu tal iniciativa tin e potencial pa remodela e comportacion di e consumidornan y e industria alimentario. E informenan ta muestra un caida di consumo di cierto categoria cu prome tabata considera saludabel, pero cu despues a descubri cu e no tabata asina hopi, loke a obliga e industria na reduci componente critico.

E estudionan tambe a indica cu e label frontal na Chile no a aumenta e costonan di produccion ni a provoca un aumento di prijs n’e consumidor. Lorena Rodriguez, pediatra Chileno y ex-responsabel di nutricion di e Ministerio di Salud di su pais, a reforsa e idea cu e industrianan sal adapta pa cumpli cu e regla, reduciendo e contenido di sucu, caloria y sodio di e productonan. Como consecuencia, ta menos probabel cu e consumidornan ta adkiri producto mas caro cu efecto adverso pa salud.

Parlamentario di Fraccion di MEP, Shailiny Tromp-Lee:

Nos por sinti un biento hopi positivo den deporte

Memey di tur e retonan cu nos pais conoce mara na nos recuperacion, nos por tuma nota di un biento hopi positivo den deporte. Deporte ta hayando un atencion cu pa hopi aña e no a conoce. Prome tabata e falta di vision y amor pa deporte di parti AVP cu sigur a laga e infraestructura deportivo na Aruba na werki y Lotto den man di Canada. Despues un discusion eterno pa por haya un directiva di FLPD cu ta pone Lotto bek riba e railsnan trahando berdaderamente na e bienestar di nos deportistanan y percurando pa e fondonan necesario pa mantene y desaroya e infraestructura deportivo aki na Aruba.

Nos tur por a tuma nota di e diferente proyectonan andando manera trabounan grandi tumando luga den Stadion GPT na Dakota. E stadion ta hayando un renobacion total y ya nos por a mira weganan internacional cu despues di mas cu 10 aña porfin por keda hunga na cas bek. Sigur esaki lo yuda enormemente pa reduci e gastonan mirando cu tur e añanan aki mester a paga pa Aruba bay hunga na un otro pais. Den un reunion di Comision Fiho di Deporte AVB a yega di indica cu e biahenan aki ta costa nos Afl. 80.000 y door cu e exigencia ta cu mester hunga 3 wega na cas, esaki tabata costa nos Afl. 240.000 pa aña. Mi ta aplaudi e hecho cu Gabinete I y II, mediante empeño di ministernan Dangui Oduber y Endy Croes nos ta logra tin bek un Stadion cu ta cumpli cu FIFA Standard pa nos seleccionnan por hunga bek na cas y nos clubnan tin un veld cu nan por prepara pa nan weganan internacional. Un proyecto cu ta keda financia pa Gobierno di Aruba y FLPD.

Otro proyecto ta e BMX Track na Parke Jaburibari cu a keda renoba y a haya iluminacion completo. BMX ta un deporte cu conoce un desaroyo hopi positivo y mas y mas mucha ta practicando esaki. Danki na Gabinete Wever Croes II, Lotto pa Deporte, Fundacion Facilidatnan Deportivo (FFD), Quick Electra, Time Line, Elmar, AWB, BMX, ATA y demas stakeholders cu a traha hunto e proyecto aki por a bira un real-

idad. Ya caba un di e motornan tras di e proyecto aki sigur ta sr. Simon y nos mester gradici'e pa esaki tambe. Ya caba a tuma lugar un careda internacional caminda 12 pais a participa cu mas cu 200 coredo den diferente categoria.

Sigur nos por a sigui di cerca ora a cende e luznan di Palo Marga pa careda oficial. Un proyecto cu Minister Endy Croes a duna su maximo pa mira esaki keda realisa. Banda di algun trabounan di mantencion. Un grupo di amante di e deporte aki den pasado a reuni cu Parlamento pa pidi atencion pa nan necesidadnan cu Palo Marga y awe poco poco nos ta mira cu tin progreso.

Nos por a experiencia Weganan Escolar (WE) organisa pa 2 aña consecutivo y cu ta un exito total. Alabes despues di 7 aña Weganan Interinsular cu a keda rebiba bek y tambe tabata un exito total. Ambos weganan ta sumamente necesario y importante pa fomenta deporte bou di mucha y hobennan.

Sigur otro proyecto ta "Ban Caya". Un proyecto cu Cede Aruba hunto cu Gobierno, IBISA y mas stakeholders a inicia cu ne. Prome tabata na Noord. Organisacionnan Social, Salud, Arte, Cultura y Deportivo a yena e cayanen cu a keda cera pa e actividadnan aki. Asina nos por menciona hopi mas.

Nos ta consciente cu tin hopi mas pa haci den y pa deporte pero negligencia di asina hopi aña bo no ta logra corigir mes lihe cu ta desea.

Parlamentario independiente mr. dr.
Ryçond Santos do Nascimento:

E legado criminal di Mike

Siman pasa Mike Eman a sali defende su ex-ministernan. Den su mente e ta mira Henny, Watty, Tico, Paul, Benny y Otmar banda di dje. Hunto nan mensahe ta cu henter e cadena hudicial ta corrupto. Hulanda, Procurador General, Ministerio Publico y Landsrecherche tur ta marionetanan di MEP. Hasta hues no ta scapa, pasobra segun Mike y Benny hues a pone man riba cabes di Ministerio Publico.

Pero e rabia contra Ministerio Publico tin un motibo simpel. Ministerio Publico ta bezig ta desenmascara Mike pa hende por cuminsa realisa cu AVP tin tur característica di un organización criminal. AVP ta chica comerciante pa asina haya fondonan pa campaña. Como recompensa AVP ta percura cu e comerciante tin acceso na tereno comercial, ontheffing y na diferente tipo di permiso. No a importa AVP cu esaki a causa pobreza den nos comunidad. Basta nan tin acceso na poder.

Toch ta interesante pa nos analisa e acusacion di Mike cu Ministerio Publico ta marioneta di MEP. No lubida cu ta hustamente Mike ta experto den e materia di metemento politico den OM. P'esey e sa di e metemento di Henny y Watty den husticia y Ministerio Publico. Esaki a sosode den añanan nobenta, anto pa faborece narcotrafico. Dado momento Jossy Arends a cay cera na Merca, pa sospecho di narcotrafico y labamento di placa. Uzando su funcion como prome minister Henny a core bay defend'e dilanti autoridadnan Mericano. Henny a bay asina leu di gaña Merca cu Hulanda ta para tras di Henny. Despues di Henny tabata turno di Watty. Ora Merca a cuminsa investiga e primonan Alex y Eric Mansur, e primonan a pidi Watty pa mete den Ministerio Publico. Cu placer Watty a bay purba evita e extradicion di e primonan pa Merca. Danki Dios Procurador General a par'e.

Mike sa di e pasado di AVP, pero e sa tambe kico tabata pasa den su mesun gabinete. Caso IBIS ta demostra cu Paul tabata bende ontheffing. No pa beneficio propio solamente, pero tambe pa beneficio electoral di AVP. O sea, AVP tabata trahando duro pa corumpi nos comerciantenan, pa nan custumbra duna placa na e partido, pa nan por conta cu un fix di parti di "Bo partido amigo".

Caso Avestruz ta mescos. Atrobe AVP a crea un comercio cu

patrimonio di pueblo. Nunca pais Aruba a conoce un nivel di astucia y inteligencia criminal asina halto. Benny a laga Leoncita y otronan estafa pueblo. Den un solo transaccion Leoncita a strica mey miyon florin, mientras tin hopi pobreza den pueblo. Segun nan, Leoncita tabata merece un regalito pa motibo cu el a milita duro pa partido. Caso Avestruz a demostra cu comerciantenan a soborna Benny. Benny a tuma e soborno. Es mas, e comerciantenan a haya loke nan a soborna Benny p'e. Den e caso Avestruz Susebeek a haya 2 año di prizon. Ademas 1.3 miyon Dollar di Susebeek a wordo confisca na un banco na Corsou. Leoncita a haya 24 luna di prizon pa estafa di Pais Aruba. Ta e figuranan aki ta sponsor campaña di AVP.

Caso Flamingo tambe ta compromete AVP. Corda cu ta Henny cu Tico a duna Otmar su formacion politico. Despues Tico mes a haya un condena na 2008 pa corrupcion y soborno. Despues di e caso ey e partido a traha duro pa ta mas cauteloso pa wordo gara. P'esey awe Paul, Benny y Otmar ta zona mescos.

E realidad ta Mike ta un berguensa pa historia di nos pais. En bes di para pa pueblo y pa berdad el a dicidi pa para na banda di corrupcion. Dia cu Mike de Meza a gaña pueblo, Mike tabata na banda di Mike de Meza. Asina Mike sistematicamente a demostra cu su amigonan ta mas importante cu Pueblo. Dia cu su partido tabata dilanti un escogencia claro si AVP ta kies pa integridad of corrupcion, Mike a kies pa corrupcion. P'esey ta importante si bo ta un persona cu ta kere den husticia, den haci lo corecto y pone pueblo na prome luga, nunca mas bo vota AVP y mucho menos Mike.

Den encuentro den Torentje:

Eman a comparti un vision di solucion cu Rutte

Un proposicion innovativo pa e debe di Aruba cu Hulanda a keda presenta awe den het Torentje na momento cu e Lider di Oposicion mr. Mike Eman y Prome Minister Mark Rutte a sostene un reunion.

“Den prome instante nos a encontra otro como amigo cu a conoce otro hopi aña y na mes momento a sostene reunion riba temanan importante cu e ex Prome Minister Mike Eman a presenta”, tabata e prome palabranan di Prome Minister Rutte ora e a sali hunto cu Lider di Oposicion, mr. Mike Eman pa duna un relato na prensa di e reunion cu nan a caba di sostene den het Torentje.

Prome Minister Rutte a menciona dos tema importante cu Eman a presenta, esta e necesidad pa conecta e desaroyo economico na e desaroyo social. Rutte a agrega na esaki cu Hulanda tambe ta den buskeda di conceptonan pa conecta e economia mas na e aspectonan social y ta compronde e deseo di Eman. Tambe e Prome Minister di Hulanda a mostra riba otro punto hopi importante cu a keda presenta pa Eman, esta con ta bay atende cu e tema di cu debe cu Aruba tin cu Hulanda. A pesar cu Gabinete Rutte ta demisionario Eman ta considera importante pa e proposicion cu e a haci cuminsa cana e caminda cu un gobierno demisionario ta haya apropia, pendiente di un gobierno nobo.

MODELO CABO VERDE-PORTUGAL

E modelo di solucion cu Eman a propone na Rutte a wordo inspira pa e areglo cu Portugal y Cabo Verde a acorda algun luna atras. Cabo Verde mescos cu Aruba a fia placa di Portugal durante e periodo di COVID. Enbes di cobra e placa bek of exonera e debe a cana un caminda intermedio

cu ta responsabel y na e mes momento na beneficio di e desaroyo duradero di Cabo Verde. E solucion di Cabo Verde-Portugal ta cu e pagonan di Cabo Verde lo bay den un Fondo pa inverti den un desaroyo sostenibel pa Cabo Verde.

Eman ta splica cu prome cu a bin Hulanda a reuni cu Aruba Investment Bank caminda e fraccion di AVP a presenta un nota cu un solucion similar. A consulta cu AIB riba nan pensamiento di un Investment Fund ya cu nan a maneha cu exito e Fondo di Inversion FDA, cu tabata un acuerdo di Aruba y Hulanda di tempo di Gabinete Henny Eman III. Na final di e periodo di FDA e propio Hulanda a haci un estudio di con e fondo a wordo maneha y a yega na conclusion hopi positivo.

SOLUCION ALTERNATIVA

Den e reunion cu Rutte e nota aki di fraccion di AVP a wordo presenta pa Eman y cu un splicacion cu un acuerdo asina lo ta hopi positivo pa ambos Pais, pasobra inversion ta keda un necesidad grandi pa Aruba. Un fondo financia for di propio pagonan di Aruba cu lo mester a bai Hulanda lo wordo deposita den un fondo maneha pa Aruba y Hulanda cu lo wordo destina pa desaroyo di Aruba.

E temanan cu lo wordo financia for di un investment fondo asina pa Aruba lo keda acorda tambe entre e paisnan. Eman a menciona entre otro Enseñanza, Desaroyo Social, Innovacion, Desaroyo Duradero y Renobacion di Barionan y Infraestructura. Pero esakinan ta temanan pa keda analisa ainda, pero den todo caso si por yega na un palabracion asina cu Hulanda e pagonan di Aruba pa e debe cu Hulanda di e forma aki lo keda pa inverti na Aruba.

Lider di Fraccion di MEP, Hendrik Tevreden:

Parlamentarionan di Eerste Kamer un biaha mas cu critica pisa contra gobierno Hulandes relaciona cu trato pa cu Aruba

Lider di Fraccion di MEP, Parlamentario Hendrik Tevreden ta indica cu por tuma nota cu un biaha mas Eerste Kamer ta lansa criticanan fuerte contra gobierno Hulandes. Esaki relaciona cu e trato pa cu Aruba. Frapante ta cu tin parlamentarionan local enbes di para cu Aruba, nan ta colga na bachi di Gobierno Hulandes den e situacion aki.

Partidonan Volt, Groen Links y PvdA den Eerste Kamer tin dificultad pa acepta cu Gobierno di Aruba ta haya interes halto pa motibo cu no kier regla Supervision Financiero den un Rijkswet (Ley di Reino).

“Een stap in de verkeerde richting. Ik vind dat teleurstellend”, aldus Eerste Kammerlid Eddy Hartog (Volt) tijdens de algemene politieke beschouwingen. Hij kreeg bijval van Fer Crone (GL/PvdA): “Waarom moet dit nou strak?”.

Nan ta considera cu esaki ta e direccion robes. Banda di esaki e Parlamentarionan ta haya esaki algo decepcionante.

Tur dos Parlamentario Hulandes ta considera e forma cu e gabinete Hulandes ta ‘castigando’ e paisnan cu un ‘strafrunte’ pa no bisa sin a e ley di Reino algo no apropia den Reino Hulandes. Esaki ta bay contra e spirito di articulo 36 di Statuto.

Ta asina cu si Aruba haya interes halto di Hulanda cu esaki lo pisa riba e presupuesto di Aruba. Y esaki e Parlamentario Hulandes sr. Crone (Groenlinks – PvdA) no ta haya husto y ta boga pa interes di 3% o 3,6% pa Aruba. Te hasta un mocion a keda entrega di parti di e Parlamentarionan Hartog y Crone caminda nan ta pidi nan gobierno pa opta pa uza e maneranan mas constructivo pa logra un bon gestion financiero den Reino Hulandes, cu no ta trece cu ne un reduccion di e margen financiero di e paisnan receptor, ni di banda di e gastonan ni di banda di e entradanan.

E mocion ta bisa: *“Motie Hartog/Crone - verzoekt de regering om te kiezen voor constructievere manieren om goed financieel beheer binnen het Koninkrijk te bewerkstellingen, die niet tot beperking van de financiële ruimte voor de ontvangende landen leiden, via de uitgaven dan wel de inkomstenkant, en gaat over tot de orde van de dag”.*

Parlamentario Tevreden ta indica cu sigur e lo amplia mas riba e debate aki cu a tuma luga de Eerste Kamer y lo ta pendiente riba kico e votacion final lo bira e siman aki. Eerste Kamer y Tweede Kamer Hulandes a cuminsa comprende mas y mas cu e normanan presenta den RAft sigur ta uno cu lo limita Aruba, y mirando cu Aruba tin surplus pa 2023 y 2024 y ta manteniendo e palabracionnan financiero cu a wordo haci e strafrente aki no ta corecto.

Parlamentario Marco Berlis (MEP):

Miguel Mansur riba un racha pa insulta clero Catolico y tur esunnan cu ta contra su agenda

Miguel Mansur un biaha mas a bolbe demostra kende e ta di berdad. No ta e prome ni e ultimo biaha cu Miguel Mansur a “flip” ora e ta haya critica riba su agenda of pensamentonan. Den e caso aki, Pastoor Jairo Maduro a para Mansur pasobra e la uza un video di Papa Francisco for di su contexto original. Esaki no a cay bon pa Miguel Mansur y mesora e la dicidi cu ta bon pa ataca e pastoor Catolico Jairo Maduro pero tambe Pastoor Curtis Meris di un forma hopi pero hopi baho mes. Mester menciona cu pastoor Curtis no tabata tin parti di e dialogo riba Facebook mes! Mansur a keda cu sentimentonan vengativo pasobra Obispo M. Secco hunto cu clero di Corsou a biaha recientemente pa uni cu pastoornan local pa duna un presentacion den Parlamento di Aruba riba e tema di Matrimonio di Mesun Sexo. Esaki a cay Mansur manera un bom. Den e comision fiho di Parlamento Famia & Adulto Mayor, Miguel Mansur a wordo siña un les hopi grandi mirando cu e delegacion Catolico a bin bon prepara pa contra aresta Mansur su actitud emocional y atacante.

Miguel Mansur su insultonan a yega un “Low Nobo”

Ta bon conoci cu ora Miguel Mansur wordo contradeci e ta transforma y ta perde control completamente. Asina e la dicidi di un forma hopi baho riba Facebook pa yama pastoor Jairo y Curtis pa gay y cu si nan mester ayudo cu esaki e ta dispuesto pa yuda nan. Un falt'i respet, un arrogancia y di un forma hopi baho Mansur a insulta y categorisa clero Catolico pasobra nan no ta di acuerdo cu Mansur. Miguel Mansur su odio pa Iglesia di tur denominacion ta obvio y no ta prome biaha e ta ataca esakinan. Segun San Miguel e conoce

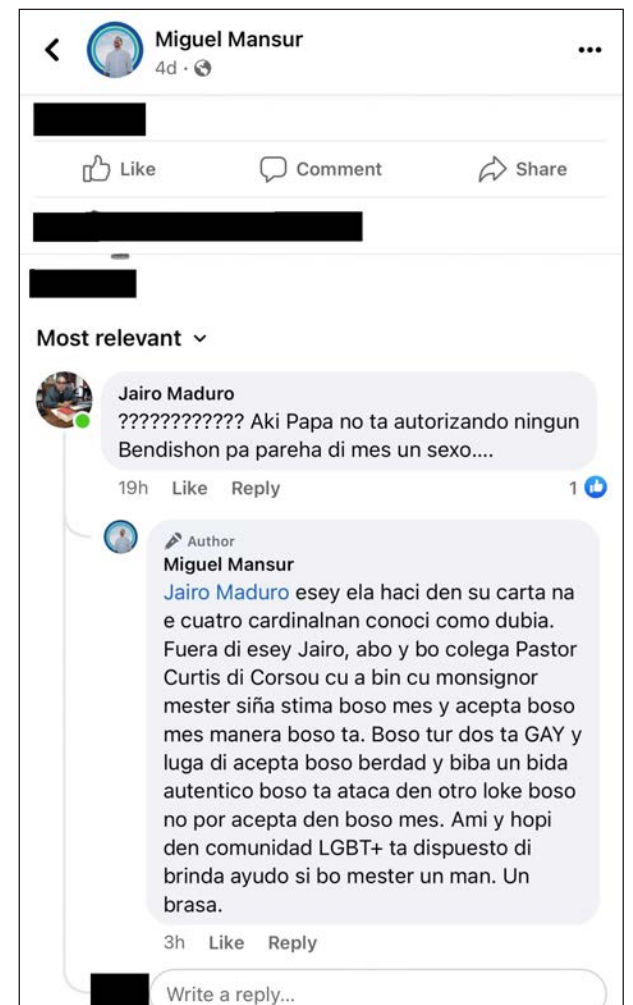

scritura miho cu tur hende pero ta cita textonan biblico for di contexto pa demonisa esakinan. Satanas tambe a “quote” scritura for di contexto ora e la tenta Hesus den desierto! Unda su fobia contra Dios y Bijbel ta caba ta Dios so sa, pero awo si e la pasa e liña di tur etica y respet!

Miguel Mansur ta desrespetar y insulta tur esnan cu ta contradici'e!

Pueblo ta corda con aña pasa Miguel Mansur a perde respet na varios ocasion y den su rabia a ataca diferente grupo di persona decente y cu ta traha duro pa nos pais. Den un forma dictatorial Miguel Mansur a declara cu e lo kita 1500 ambtenaar den un solo shot, kita overtime di polis, cu ta lidiando cu un scarsedad di personal, lo deporta tur stranhero cu ta kere den Dios pa nan pais, y bisa Iglesia cu si kier habri su boca den politica, nan mester bin cu un partido politico, sino nan mester cera nan boca! Un representante di pueblo bisando pueblo cera su boca! Ken por lubida e arrogancia y atakenan yena cu insulto di Miguel Mansur? Algun dia despues e la pidi un despena camufla yena cu hustificacion fofo y sin base. Cual despena bo ta bay pidi awor Miguel? Ken por tuma bo na serio ainda? Bo a demostra cu e pueblo sigur no ta bo prioridad!

Miguel Mansur ta representante di Pueblo of su agenda?

Si Miguel Mansur no tabata kier a haya niun critica nunca e mester a bay den politica. E ta demostrando cu e no ta representa Pueblo sino su propio agenda. Un agenda cu no tin prioridad den pueblo, pero cu e kier pusha “a toda costa.” Si esey kiermen ofende, intimida, gaña, manipula y insulta hende pa e logra su meta, e lo

haci'e. No ta ami ta bisa, su comporcion, debatenan, video y articulonnan ta demostra esey. Na final pueblo mester puntra su mes; “lo bo vota pa un persona asina instabil y cu ta ataca y insulta bo religion, bo pastoornan, bo principionan, bo opinion djis pasobra e tin un agenda? Saca bo som.

Aeropuerto di Aruba cu logro remarcabel durante Routes World 2023

Aruba Airport Authority N.V. (AAA) den representacion di Barbara Brown, Chief Revenue Development & Communications Officer y Jo-Anne Meaux-Arends, Aviation Business Development Executive, a atende e di 28 edicion di Routes World na Istanbul. Routes World ta un evento clave den industria global di aviacion, treciendo mas di 2.500 profesional den e industria di aviacion, aeropuerto y stakeholders di aviacion, segun Routes Online mes a informa.

Durante e conferencia, Aeropuerto di Aruba a tene mas di 20 reunion cu aerolineanan estableci caba como tambe esunnan cu ta cuminsando. Tambe cu diferente aeropuerto clave manera Bello Horizonte y Guarulhos Airport.

Como resultado di e reunionnan aki, a establece diferente asociacion cu lidernan den e industria manera Flair Airlines, Air France, Edelweiss Air AG y Breeze. Mirando cu Aruba ta experenciando mas demanda, particularmente for di e mercado di Merca, Canada y Latino America, asisti na un conferencia di e tipo aki ta fortalece e posicion di Aeropuerto di Aruba como un mercado di gran productividad y destinacion preferi pa e aerolineanan cu ta en busca di un expansion.

Ademas, Aeropuerto di Aruba a aborda e retonan di capacidad na Europa, incluyendo Schiphol y a combersa riba e plannan di transporte aereo pa 2024-2026. E plannan aki ta inclui varios proyecto importante di expansion na Aruba, desaroyo di e inventario di cambernan na Aruba y introduccion di servicio nobo y mas frecuencia di vuelo.

E aspectonan cu mas a destaca a inclui:

1: Southwest lo aumenta frecuencia di vuelo den zomer 2024 pa e ruta di Baltimore (BWI) - Aruba (AUA). E servicio lo bay di 2 vuelo pa siman pa 5 vuelo pa siman, haciendo uzo di avion Boeing 737 y 738, ofreciendo aproximadamente 143 asiento pa vuelo. Ta spera cu e expansion aki lo genera aproximadamente 429 asiento semanal adicional pa Aruba for di Baltimore. Ya caba Southwest a logra avance substancial na Aeropuerto di Aruba, cu un aumento anterior den e frecuencia di vuelo desde Orlando (MCO) na servicio diario na comienso di e aña aki.

2: Delta Air Lines a confirma e incorporacion di un di dos servicio for di JFK (New York) pa e temporada di winter y tin plan pa actualisa su avion di un B757 pa un A320-neo debi na e demanda cu ta creciendo.

3: Copa Airlines, cu actualmente ta opera vuelo diario pa Panama (PTY), tin planea pa dobel e vuelonan aki pa 2024, demostrando un compromiso cu expansion.

4: Canadian Airlines ta dedica na mehora e servicio directo na nos isla durante e lunanan di zomer, ofreciendo su pasaheronan mas opcion di biahe.

5: Ta spera cu Wingo lo por establece un di cuater destinacion pa 2024, mehorando ainda mas e conexion y accesibilidad pa Latino America.

E desaroyonan aki ta marca un fase emocionante di crecimiento y miho opcion di biahe pa Aeropuerto di Aruba, ya cu e ta den un posicion pa ofrece e biaheronan un experiencia excepcional y fortalece ainda mas su posicion den e industria di aviacion global.

Prome Minister Evelyn Wever-Croes:

Prinses Beatrix ta bishita Aruba e siman aki

Dialuna mainta durante conferencia di prensa di Gobierno, Prome Minister Evelyn Wever-Croes a anuncia cu diahuebs awor, 9 di November, Aruba lo ta ricibiendo bishita di Prinses Beatrix. E bishita aki no lo ta igual na e bishita di Rey Willem Alexander hunto cu Reina Maxima y Prinses Amalia, sino e lo ta un bishita mas cortico y intimo.

Prome Minister a indica cu Prinses Beatrix ta biniendo Aruba riba invitacion di Dutch Caribbean Nature Alliance, cu lo ta acompaña su persona pa bishita e otro islanan den Caribe. E agenda pa e dia aki ta inclui bishita na Telefon pa Hubentud, y riba su propio iniciativa, Prinses Beatrix, bishita un “speeltuín” pa wak con esakinan ta bay. Tambe, durante su estadia e lo participa na e congreso di DCNA cu lo tuma luga na Universidad di Aruba.

Como parti di esey su directiva dia 10 di november proximo lo ta na Den Haag, Hulanda. Diabierna awo lo personalmente representa e fundacion na e caso den casacion na Hoge Raad. Manera ya ta conoci, Orguyo a hiba Pais Aruba Corte na 2019, exigiendo pa corte habri matrimonio pa parehanan di mesun sexo. Na 2020, meymey di pandemia, Orguyo a gana e caso. Corte a stipula cu Pais Aruba ta discrimina door di no ofrece parehanan di mesun sexo un alternativa igual manera corte Europeo ta stipula.

Orguyo a apela e caso aki y na december 2022 a gana su caso, na unda cu Corte a duna Orguyo rason completo. Corte a cumpli cu e demanda di Orguyo, declarando cu matrimonio ta habri pa parehanan di mesun sexo. Esaki lo ta aplicabel dentro di 3 luna despues di e veredicto, si Pais Aruba no dicidi di apela esaki. Esaki a resulta den e caso di casacion, na unda Fundacion Orguyo lo ta defendiendo su argumento y ponencianan na Hoge Raad diabierna binidero.

CMO ta den espera di un Campamento Hospitalario completo cu ta inclui espacio pa un ICU remoto

CRISIS Management Office (CMO) tin bon noticia pa sector salud, asina Parlamentario Arthur Vallejo a revela despues cu Fraccion di MEP a haci un bishita recientemente na CMO.

El a laga sa cu CMO ta den espera di un Campamento Hospitalario completo cu mashin medico cu ta inclui espacio pa 1 Intensive Care Unit remoto. E ultimo produccion di e unidadnan aki a wordo aloca na e desaster natural di Turkia y conflicto arma - humanitario manera Ukraina- Rusia y kisas awor Israel - Gaza.

Esaki ta trece retraso den esun cu Aruba lo mester ricibi di e organisacion aki pasobra e ekipamento ta bay prome na unda sigur tin bon uzo pa e ekiponan aki, pero na CMO nan ta optimista cu pronto lo conta cu e unidad hospitalario mobil aki na servicio di e comunidad di Aruba.

Vallejo ta muestra cu hopi biaha den e cadena di activacion pa un crisis ya sea 'bomb melding, candela etc' ta faya di inclui CMO den e cadena di activacion pa cu e yudansa y experticio cu CMO por brinda. CMO ta hopi bon ekipa pa yuda den momentonan di crisis cu diferente unidad mobil y material, y mas cu claro mas importante ta e forma con pa atende diferente tipo di crisis.

E Parlamentario a agrega cu mester sigui traha pa informa continuamente y haci sesionnan di training (simulacion) pa cu calamidad di temblor, tsunami, candela na scol, entre otro pa informa tur trahador y of directiva di institucionnan pa e activacion di CMO den momentonan di crisis den tur sector cu CMO por brinda yudansa y of cooperacion - coordinacion.

En special empleadonan cu ta nobo na pia di trabou of den posicion di activacion mester wordo bon informa riba e papel activo cu CMO tin, a bisa.

Tur institucion grandi cu ta carga hopi empleado y cliente of eventonan di entretenimento cu ta reuni un gran cantidad di hende sigur mester inclui activacion di CMO den nan protocol pa preparacion den un posibel situacion di calamidad.

Pa Vallejo ta importante tambe pa reconoce cu CMO por yuda den hopi otro aspecto incluyendo emergencianan di tipo social cu tent cu por setup den menos cu 2 minuut pa ora di un situacion di crisis of pa un famia cu por a perde un cas den candela, por ehempel, pa e prome 72 oranan di uzo

y despues arma un tent di e grandura di un cas chikito pa uzo di 10 dia continuo cu cuminda.

CMO lo yuda coordina diferente situacion pa garantiza seguridad, pero tambe eficiencia den maneho di calamidad, a splica.

CMO tin un number di telefon cu ta 588- 0100. Tin un number di urgencia tambe directo cu ta wordo duna na institucionnan cu tin alto riesgo di calamidad.

Finalmente Parlamentario Vallejo a indica cu ora ta papia di Aruba manera un destinacion turistico sigur y confiabel e aspecto aki di tin un CMO bon organisa y prepara ta vital y central pa e economia di Aruba.

Palabranan di felicitacion pa e calidad humano di cada un di e trahadornan di CMO, nan dedicacion y seriedad pa cu organizacion y protocolnan pa logra drenta den accion y ta presente ora Aruba lo tin mester di nan yudansa, asina Parlamentario Vallejo a duna di conoce.

Parlamentario Shailiny Tromp-Lee (MEP):

Gradicimento na famia Soto cu a haci exposicion di Taray di UNESCO na ANA posibel

Recientemente mi a asisti na apertura di un exposicion riba e topico di Taray cu a keda habri door di UNESCO na Archivo Nacional Aruba (ANA).

Den mi funcion anterior, Hefe di Seccion di Investigacion y Documentacion na Departamento di Cultura, mi a cera conoci cu señor Henrico Soto dfm. Un persona hopi habri, alegre y orguyoso di su conocimiento y habilidad. Dia mi a conoce, mi a haya un splicacion amplio di con ta traha y drecha un taray. Mirando cu e tempo ey mi tabata coordina e proyecto Expedicion Rescate mi a dicidi cu nos mester documenta su conocimiento over taray pa esaki no bay perdi. Lastimamente door cu na 2017 mi a bira Parlamentario, personalmente mi no por a sigui cu e proyecto y al final e informacion documenta no a logra keda traduci den un producto final y haci esaki accesibel pa pueblo. Pero awor, 5 aña despues, nos por mira esaki den un exposicion y un documentario cortico. Algo cu sigur mi ta aplaudi.

UNESCO a realisa e documentacion den cuadro di e tratado di UNESCO pa Salvaguardia Herencia Cultural Intangibel mundialmente di aña 2003. Manera indica pa UNESCO meta di e exposicion ta pa mostra e cantidad di aspectonan cu mester tene cuenta cu ne, na momento cu e comunidad di Aruba ta bay nombra un elemento como parti di nos Herencia Cultural Intangibel.

Traha y drecha taray sigur ta un conocimiento cu a keda traspasa di generacion pa generacion. Den e documentario cortico nos ta scucha con sr. Soto a siña traha y drecha taray. For di combersacion cu sr. Soto y su yiu homber mi sa tambe cu su persona a sa di traspasa e conocimiento pa su yiu homber.

Trahamento di taray ta cay bou di e arte di piscamento y pa e apertura di e exposicion nos por a gosa di un presentacion interesante di sr. Marco Christiaans cu a papia di e lenguahe di piscadonan na Aruba, esta esnan cu ta uza e taray como instrument pa pisca. Sigur esaki ta un otro aspecto di Herencia Cultural Intangibel cu nos mester percura pa rescate y documenta. Na Aruba nos ta rico na conocimiento y habilidadnan cu hopi biaha ta bay perdi y nos mester pone como prioridad pa investiga y documenta esakinan. Nos mester sigui traha na lanta orguyo di nos hendenan pa loke ta di nos.

Sigur mi ta aplaudi e hecho cu Famia Soto, despues cu

Henrico a fayece, a pone tur su hermentnan y documentacion na disposicion di Fundacion Mi Cutisa, cual a haci cu esakinan tabata disponibel pa por a haci e exposicion posibel. Tambe cu e documentacion cu ta forma parti di e proyecto Expedicion Rescate a keda poni disponibel pa por a traha un documentario cortico for di e grabacion ta casi dos ora cu a keda realisa cu sr. Soto na aña 2016. Un gradicimento sigur ta na su luga pa su señora y dos yiunan pa nan accion y cooperacion..

Alabes mi kier a felicita UNESCO, UNOCA, Departamento di Cultura Aruba y Archivo Nacional Aruba kendenan a haci e exposicion posibel y ta sigui traha na rescate di nos herencia cultural.

E exposicion ta habri te cu final di november 2023, for di 8:00 am pa 11:45 am y despues di merdia for di 01:15 pm te cu 4:00 pm, entrada na ANA ta gratis. Pasa y siña un poco mas di taray.

Fortaleza pa Famia

Prome cu inclusion, mester bini reconciliacion cu Cristo Hesus

E palabra inclusion ta zona hopi e dianan aki, ta un palabra cu ta zona bunita, pero tin un cambio, cu mester tuma luga, pasobra pa bo wordo inclui den e curpa di Cristo bo mester, reconcilia bo bida cu Cristo. Pasobra nos tur ta miembro di un solo curpa den Cristo Hesus. Awor ningun hende no ta exclui for di e curpa di Cristo si no ta hende cu a exclui nan mes door di nan comportacion, capricho, actitud, malisia of inmoralidad.

Si un hende ta sinti su mes exclui, na prome luga e mester examina su mes y wak kico a pasa, pasobra aunke nos por ta infiel, Dios si ta permanece fiel na Su Palabra. Pasobra e palabra di Dios ta bisa nos pa stima nos prohimo manera nos mes, y mescos cu Dios a pordona nos, nos mester pordona nos rumannan. Awor pordon semper ta wordo extende na esun cu tuma e decision di bandona pica y acepta un bida nobo den Cristo Hesus, pasobra Dios ta pordona tur pica y por cambia bida di tur hende.

Ningun hende por tuma e curashi di kere cu Dios ta robes y nan ta bon. Ningun hende no por kere cu den nan bida priva nan por haci locual cu nan kier y ni Dios, por hala nan atencion. Pa un hende wordo inclui den un ekipo di futbol, e mester compromete su mes pa sigui e reglanan di e ekipo, e no por tin su mes reglanan, pasobra e ekipo no ta di dje.

Awel hopi siglo pasa satanas a gaña hende cu nan por biba manera na kier den rebeldia contra Dios. Pero tempo a demostra nos, cu tur hende cu ta biba den e pensamiento ey, ta bay perdi, y lo no alcanza bida eterna, pasobra e palabra di Dios no ta den nan, door cu nan no kier arepentí, tampoco aparta for di pica, pero kier sigui biba den inmoralidad.

Awor si un persona ta un lider, e mester por splica su hendenan e reglanan di cas. Den e caso aki Cristo Hesus a laga atras un bijbel pa splica tur hende e reglanan pa drenta cas di Dios. Awor hopi ta kere cu nan por bay contra e palabra di Dios, y toch wordo acepta pa Dios. Y hopi no ta kere cu un bida den rebeldia contra Dios, ta un bida cortico, sin presencia di Dios, y mas cu tur cos un bida sin ningun clase di speranza, pa felicidad.

Ta tempo pa stop di gaña hende, djis pa nos tin nan support terenal, pasobra pronto lo bay sali na cla, cu nos interes no tin balor, pasobra ora Dios habri wowo di hende, hopi lo ripara cu tur nan orguyo y arrogancia ta envano.

Esaki ta locual mester sosode den bida di cada ken cu ta sinti su mes exclui:

Laga esun cu kier stima bida y mira dianan bon, frena su lenga di loke ta maldad, y su lepnan di engaño. Lage aparta su mes for di maldad y haci bon. Lage busca pas y sigui'e (1 Pedro 3:10-11).

E diabel tin hopi hende engaña cu no ta existi bida eterna pa nan, ta p'esey dia pa dia hopi tin un pensamiento terenal, cu no tin futuro, y cu nunca nan por sali for di pica y inmoralidad. Y mas tristo cu por ta awor aki rond mundo tin gobernantenan cu enbes di yuda e pueblo pa biba lider di condenacion, nan ta cambia ley pa mara e pueblo den pica.

Darlaine Guedez-Erasmus, Parlamentario Fraccion di MEP:

Diferente reunion ta tumando luga cu stakeholdernan tocante ley di matrimonio di mesun sexo

Diabierna awor lo tin tratamento di casacion den Corte

Den e dianan cu a pasa, Parlamento tabata tin diferente reunion den e comision fiho Famia y Adulto Mayor, cual ta presidi door di Parlamentario di Fraccion di MEP, Darlaine Guedez-Erasmus. E reunionnan aki tabata en conexion cu e ley di matrimonio di mesun sexo.

Relaciona cu e tema aki, dialuna mainta, Parlamentario Guedez-Erasmus a duna di conoce den conferencia di prensa di Fraccion di MEP, cu diferente reunion ta tumando lugha cu stakeholdernan y diferente grupo den comunidad. Ya caba tin tres siman cu e inicia cu e ronda di reunionnan. E reunionnan ta tumando lugha den Parlamento, cu e comision fiho pa asina nan por duna informacion y expresa nan pensamento riba e ley di iniciativa tocante matrimonio di mesun sexo.

Guedez-Erasmus a sigui bisa cu e bon di e reunionnan aki ta cu cada grupo por duna nan presentacion y cada Parlamentario por haci pregunta. E reunionnan a inicia cu grupo ICA (Iglesianan Cristian Aruba). Nan a laga sa cu nan ta mira e ley aki lo por afecta comunidad completo. Nan a trece dilanti e pro's y contra di e ley aki. Banda di esaki tabata tin e presentacion di grupo 'Orguyo' cu a presenta den sala di Parlamento. Ta hopi importante pa mira e punto di bista di cada partido, como e pro's y contra cu cada grupo aki ta duna, a bisa.

Siman pasa, a presenta den sala Obispado di Willemstad y ta algo masha aprecia cu nan a bin di Corsou pa duna un presentacion na Aruba caminda por

a analisa e parti huridico, pero tambe e parti social cu e efectonan cu e ley aki por tin pa comunidad. E parti di norma y balor, cual nan a trece hopi ariba mesa, e parlamentario a indica.

"Mi ta hopi agradecido cu tur e gruponan por tabata t'ey presente. E tres aki te awor y tambe esunnan cu ta bay bini pasobra tin mas ariba agenda. Nos lo bay yama mas reunionnan cu otro organisacionnan. Tin cu ta manda carta y otronan cu nos mes ta acerca", a señala.

El a finalisa bisando cu ta hopi importante pa e Parlamentarionan por haya un bista riba e ley di iniciativa di matrimonio di mesun sexo y kico tur lo ta e cambio grandi cu e lo trece cu ne pa comunidad di Aruba.

ARUBA AIRPORT ACHIEVES REMARKABLE MILESTONES AT ROUTES WORLD 2023

Aruba Airport Achieves Remarkable Milestones at Routes World 2023

ARUBA Airport Authority N.V. (AAA), represented by Barbara Brown, Chief Revenue Development & Communications Officer, and Jo-Anne Meaux-Arends, Aviation Business Development Executive, attended the 28th edition of Routes World in Istanbul. Routes World is a key event in the global aviation industry, bringing together over 2,500 decision-makers from airlines, airports, and aviation stakeholders, as reported by Routes Online.

During the conference, Aruba Airport held more than 20 meetings with both established and emerging airlines, as well as key airports like Bello Horizonte and Guarulhos Airport. The meetings resulted in the establishment of exciting new partnerships with industry leaders such as Flair Airlines, Air France, Edelweiss Air AG, and Breeze.

As Aruba has experienced an increased demand, particularly from the US, Canada, and Latin America market, attending such a conference solidifies its position further as a high-yield market and preferred destination for airlines seeking to expand.

Aruba Airport also addressed capacity challenges in Europe, including at Schiphol, and discussed airlift plans for 2024-2026. These plans include significant expansion projects at AUA, the island's room inventory developments, and introduction of new services and additional flight frequencies.

Notable highlights include:

1. Southwest is set to increase its summer 2024 flight frequency on the Baltimore (BWI) – Aruba (AUA) route. The

service will transition from 2 weekly flights to 5 weekly flights, using a Boeing 737 and 738 aircraft, offering approximately 143 seats per flight. This expansion is expected to generate approximately 429 additional weekly seats to Aruba from Baltimore. Southwest has already made substantial strides at Aruba Airport, with an earlier increase in flight frequency from Orlando (MCO) to daily service earlier this year.

2. Delta Air Lines has confirmed the addition of a second service at JFK for the winter season and plans to upgrade its aircraft from a B757 to an A320 neo in response to growing demand.

3. Copa Airlines, which currently operates daily flights to Panama (PTY), plans to double its flights in 2024, demonstrating a strong commitment to expansion.

4. Canadian Airlines are dedicated to enhancing direct service to the island during the summer months, offering passengers more travel options.

5. Wingo is expected to establish a fourth gateway in 2024, further enhancing connectivity and accessibility to Latin America.

These developments mark an exciting phase of growth and enhanced travel options for Aruba Airport, as it positions itself to offer travelers exceptional experiences and further strengthens its prominent position in the global aviation industry.

Prime Minister Evelyn Wever-Croes:

Mrs. Joselin Croes is the next director of Arubahuis

DURING a government press conference, Prime Minister Evelyn Wever-Croes announced that Arubahuis will have a new director at the beginning of December 2023. For this position, a nomination process began in June 2022, culminating in the selection of Mrs. Joselin Croes in November 2023. As known, Arubahuis represents Aruba in the Netherlands, and the government's mission for Arubahuis is to make Aruba visible in the Netherlands, within the Kingdom, and in Europe. To achieve this goal, Aruba has its Plenipotentiary Minister, Mr. Ady Thijsen, and now a new director, Mrs. Joseline Croes.

The Prime Minister explained that the appointment of Mrs. Joselin Croes was a vacancy that was advertised in June 2022. Based on integrity, the decision was made not to make this appointment a political one, as in previous years, but to open the vacancy for various candidates to apply. To better serve the vision and mission of Arubahuis, it is necessary to have an independent person sitting there regardless of which government is in place. For the nomination process, the government formed a commission, consisting of the Department of Human Resources, the Tax Department, and a representative from the Ministry of General Affairs. A total of 23 people applied, and based on the criteria, three candidates were selected through an interview process, with Mrs. Joselin Croes chosen as the best candidate for this position.

In October 2022, the commission approached the Prime Minister, responsible for Arubahuis, to present this proposal, and in February 2023, this proposal was approved by the Council of Ministers. After that, additional investigations were conducted, including one by the Security Service,

which also yielded positive results.

The Prime Minister explained that Mrs. Joselin Croes is currently the Plenipotentiary Minister for Aruba in Washington. Over the past five years, Mrs. Croes has worked diligently to promote and create opportunities for Aruba and Arubans, partnering with various entities in the United States. In the economic, innovation, cultural, educational, and diplomatic fields. One of Mrs. Croes' main goals was to strengthen Aruba's relationships with the United States and Canada and to maximize the benefits from this.

Before her role in Washington, Mrs. Croes was the Chief of Staff for the Minister of Justice and had her own law firm before that. Apart from being a lawyer, she now also holds a Master's Degree in Environmental Management. Mrs. Croes is known for her determination, positivity, passion, and discipline in achieving her goals. She is fluent in four languages and has the curiosity to learn more languages and cultures from other countries.

"I wish Mrs. Joselin Croes much success in this new role, which she will begin next December. I also want to thank Mrs. Glenda Hernandez, who took on the role of interim director for a longer period than we initially asked for. Mrs. Hernandez knew how to bring stability and tranquility to Arubahuis, and for this, we thank her. With the appointment of the new director, Arubahuis is leaving a challenging period behind and continues with optimism ahead. From the bottom of my heart, thank you to all the employees and the entire staff of Arubahuis for all their efforts and dedication," expressed the Prime Minister.

ON November 3, a large number of citizens took to the streets peacefully to show the government that the majority of the people of Aruba want to keep marriage as an alliance between a man and a woman in our laws. On the other hand, a small group is getting a lot of attention and publicity for the LGBTQ+ community's cause. The Supreme Court in the Netherlands has a verdict from the Court in discussion, and in the Aruban Parliament, there is a bill in discussion. What is being discussed is whether two people of the same sex have the right to marry each other in Aruba. The European Court of Human Rights, the highest court in the world on human rights matters, has already ruled that a country denying same-sex couples the right to marry is discrimination. Aruba's civil code does not discriminate against same-sex couples because the European Court of Human Rights has ruled that same-sex marriage is not equal to a marriage between a man and a woman. This verdict is the jurisprudence to apply in the current case of Aruba's court. In the Court's verdict, the judges argued that there is no documentation showing that the majority of the people are against same-sex marriage. But the fact that a large number of citizens took to the streets peacefully to defend traditional marriage should be reason enough for the government to seek to know what the majority of the people think. Based on existing laws, the highest court of human rights does not obligate Aruba to legalize same-sex marriage. The only valid reason for the Parliament to legalize same-sex marriage is if the majority of our people in a government-organized referendum choose to recognize the relationship between two people of the same sex as marriage. This decision must be in the hands of our entire community and not in the hands of a majority by chance in Parliament.

The support for the LGBTQI+ community has shown to be significant

ON Saturday, November 4, 2023, Fundacion Orguyo organized a Diversity Walk. Orguyo invited members of the LGBTQI+ community, along with family, friends, colleagues, and the general public to participate in the Diversity Walk. It was a short walk, less than 1 km, but with a great positive impact.

Orguyo is very pleased to have witnessed so many friends and family participating.

Since 2019, Fundacion Orguyo has been working to create an inclusive and diverse community. As part of this, its board will be in The Hague, the Netherlands, on November 10. Today, they will personally represent the foundation in the case before the Supreme Court.

As known, in 2019, Orguyo brought the case before the Aruba Court, demanding that the court open marriage to same-sex couples. In 2020, amidst the pandemic, Orguyo won the case. The court ruled that Aruba discriminates by

not offering an equal alternative for same-sex couples, as the European court has ruled.

Orguyo appealed this case, and in December 2022, they won their case, where the Court met Orguyo's demands, declaring that marriage is open to same-sex couples. This will be applicable within 3 months after the verdict if Aruba decides not to appeal. This resulted in the current case, where Fundacion Orguyo will be defending its arguments and positions in the Supreme Court on Friday.

Fundacion Orguyo is grateful to the entire community for responding to the invitation for the Diversity Walk, and we hope that everyone in Aruba who knew, is, or will be confronted with intolerance, discrimination, or hatred knows they are not alone. There will always be compassion, acceptance, and love for every human being in our country.

We were here, we are here, and we will always be here!

US Vetoes UN Security Council's Call for Humanitarian Pause in Israel-Hamas Conflict

THE United States has exercised its veto power at the United Nations Security Council to block a draft resolution aimed at securing a humanitarian pause in Gaza, drawing further criticism of the council's ability to address the ongoing conflict.

The brief resolution, proposed by Brazil, condemned the October 7 terror attacks in Israel attributed to Palestinian militant group Hamas, which resulted in over 1,400 casu-

alties, and called for the release of hostages held in the conflict.

The draft also urged all parties involved to abide by international law and protect civilian lives within the Hamas-controlled Gaza Strip. It called for "humanitarian pauses" to facilitate the delivery of aid to the affected population.

Twelve out of the council's 15 members voted in favor of the resolution, while the UK and Russia abstained. However, the United States wielded its veto power, preventing the resolution's passage.

In response, US Ambassador to the UN, Linda Thomas-Greenfield, stated that the US needed more time to allow on-the-ground diplomacy to take effect. She also raised concerns that

the text failed to address Israel's right to self-defense, echoing similar sentiments expressed by the British representative, Barbara Woodward.

Meanwhile, the Gaza conflict has led to devastating consequences, with thousands of casualties and critical shortages of essential supplies, including food, water, and electricity. Negotiations have been ongoing to establish a humanitarian corridor through the Rafah border crossing, connecting Gaza to Egypt, to provide much-needed aid.

The Security Council's inability to adopt a resolution addressing the situation has been met with disappointment and frustration by many council members, highlighting the ongoing challenges in the region.

Dutch Political Parties Reduce Social Media Spending Ahead of Elections

THE lead-up to the upcoming elections, political parties in the Netherlands are shifting their campaign strategies away from social media, according to a report by the *Financieele Dagblad*. Research conducted by the University of Amsterdam, led by Fabio Votta, reveals that the combined spending on social media advertising has significantly decreased compared to the previous election cycle. With just 28 days to go until the vote, the spending stands at €189,000, a sharp drop from the €646,000 recorded in the 2021 election.

One key factor contributing to this shift is the pending ban on using personal data to target users directly on Instagram and Facebook. The impending restrictions are expected to impact online campaigning efforts, as parties are reluctant to invest in broad advertising on social media platforms if

it doesn't reach specific target groups. The research also highlights that PvdA/GroenLinks is the largest spender on social media advertising, followed by Volt and CDA, with Google, Instagram, and Facebook as their preferred platforms. If the ban on targeted advertising becomes effective, these parties are likely to be the most affected.

Furthermore, the report indicates that while most parties utilize Facebook, Instagram, and Twitter, some have called for the avoidance of TikTok, alleging that it spreads false information. However, several parties still maintain a presence on the platform. Thierry Baudet's Forum voor Democratie was noted as the most active user of social media, employing an innovative approach involving incentives for supporters to share campaign videos.

A contributing factor to the reduced

social media spending could be a lack of campaign funds. Researchers have also pointed out that the last elections occurred during the pandemic when in-person meetings were limited, forcing campaigns to rely heavily on online platforms. Moreover, parties are exploring alternative ways to differentiate themselves as they compete for voters' attention.

Sanne Kruikemeier, a researcher from Wageningen University, suggests that social media's influence on voter preferences is limited, mainly reinforcing existing convictions. To sway voters, parties must consider the interplay between social media, traditional media, and real-time events to craft an effective campaign strategy.

Panama Enacts Moratorium on New Mining Concessions, Excluding Canadian Mine

PANAMA'S President, Laurentino Cortizo, enacted a new law imposing an indefinite moratorium on granting new mining concessions. This legislation also includes a prohibition on renewing existing mining concessions. The Panamanian National Assembly had previously approved this bill, albeit with the removal of a contentious article that would have revoked a controversial mining contract, which had incited nationwide protests over the past two weeks.

Under this new law, Minera Panama, a local subsidiary of the Canadian mining company First Quantum, will still be permitted to operate an open-pit copper mine in the state of Colon for an initial 20 years, with the potential for a further 20-year extension. Environmental activists have raised concerns about the mine's impact on the surrounding jungle and local water sources.

While some legal experts have applauded this decision, warning that revoking the contract with First Quantum could expose the government to substantial legal liabilities, others believe that

potential liabilities could be circumvented if Panama's Supreme Court determines that the original contract was unconstitutional, a matter currently under review in multiple legal cases.

Additionally, another bill awaits debate, which could subject the mining contract to a popular referendum. Protests against the contract extension persisted, drawing support from Indigenous groups and various labor sectors. In 2017, El Salvador passed a comprehensive ban on metal mining to protect its water supply, setting a precedent for such bans worldwide.

Deadly Earthquake Strikes Northwestern Nepal

Claiming Lives and Causing Extensive Damage

A devastating earthquake struck northwestern Nepal, resulting in a tragic loss of life and severe damage to infrastructure. The earthquake, measuring a magnitude of 5.6 according to the United States Geological Survey (USGS), originated approximately 42 kilometers from Jumla, Nepal, within the Karnali province. Striking at a relatively shallow depth of 18 kilometers, the tremors extended as far as India's capital, New Delhi.

The immediate focus has been on search and rescue operations, making it difficult to provide an accurate assessment of the extent of damage. Reports indicate that in some villages, up to 90% of houses have collapsed. As of now, official figures confirm 157 casualties and 170 injuries, marking this earthquake as the deadliest since 2015.

The most affected areas include Jajarkot district, near the epicenter, where 105 individuals lost their lives and another 55 sustained injuries. In the neighboring Rukum West district, 52 fatalities and 85 injuries were reported.

Nepal is prone to earthquakes due to its location at the convergence of the Indian and Eurasian tectonic plates, which give rise to the Himalayan mountain range. The earth-

quake in 2015, with a magnitude of 7.8, resulted in over 9,000 deaths, extensive structural damage, and billions of dollars in losses.

Rescue efforts are challenging, particularly in the hilly region near the epicenter, where communication remains a significant obstacle. The death toll and injury count are expected to increase as more information becomes available. Residents in affected areas endured a harrowing night outside in open spaces, fearing aftershocks as many houses suffered damage.

Jajarkot district, with a population of 190,000, consists of remote hillside villages. India's Prime Minister Narendra Modi has expressed condolences and offered assistance to Nepal during this trying time. The region is bracing for the arduous task of recovery and rebuilding.

Colombian Government Launches

Operation to Cull Pablo Escobar's Expanding 'Cocaine Hippo' Population

COLOMBIA'S Environment Minister, Susana Muhamad, announced a drastic action on Thursday to cull the rapidly multiplying population of Pablo Escobar's infamous "cocaine hippos." These hippos, descendants of the original group owned by the drug kingpin, have become an ecological threat, with their numbers surging from one male and three females to 169.

Escobar's death in 1993 led to the relocation of most animals from his private collection, but the hippos remained due to the logistical challenges of moving them. Left without natural predators, their population could reach 1,000 by 2035 without intervention.

The Colombian government's strategy involves three approaches: sterilization, relocation, and "ethical euthanasia." All three methods will be implemented concurrently to control the population effectively.

Since 2011, four males have been castrated, and two females sterilized, but these measures failed to halt their growth. Additionally, attempts at hippo birth control proved ineffective. Plans are also underway to relocate some hippos to India, the Philippines, and Mexico, with logistics currently under review.

The sterilization process is expected to cost approximately 40 million pesos (\$10,000) per animal and will commence next week, targeting 40 hippos per week.

These hippos have been classified as "invasive exotics" due to their aggressive nature and pose a threat to ecosystems, surrounding communities, and agriculture. Research has shown their negative impact on water oxygen levels, which affects aquatic life, and they also pose potential risks to human safety.

As the government races against time to curb the growing population, the fate of Escobar's "cocaine hippos" continues to be a matter of ecological concern and ethical debate.

Is a Reunion with Xander Bogaerts Possible for the Red Sox?

JUST one season after Xander Bogaerts departed from the Boston Red Sox to join the San Diego Padres, rumors are swirling about a possible reunion. Bogaerts had signed an 11-year, \$280 million contract with the Padres, seemingly solidifying his future on the West Coast. However, recent financial issues within the Padres organization have raised questions about the feasibility of this arrangement.

It's speculated that the Padres might need to make some

challenging decisions due to their financial constraints. In such a scenario, they could potentially consider trading star players like Xander Bogaerts and outfielder Fernando Tatis Jr. to alleviate their financial burdens. This move could be aimed at preventing them from trading Juan Soto, another valuable asset.

For the Red Sox, reacquiring their former homegrown star and unofficial captain might be an enticing prospect, especially if the Padres were willing to absorb a portion of Bogaerts' substantial salary. Bogaerts had a solid season, hitting .285 with 52 extra-base hits, including 19 home runs and 58 RBIs.

While the Red Sox may contemplate shifting Bogaerts to second base for a more balanced lineup, they would be committing to a 31-year-old player through the 2033 season. However, Bogaerts has faced chronic wrist issues, raising concerns about his long-term durability. Any potential trade would likely depend on the Padres' willingness to subsidize a significant portion of Bogaerts' contract.

As the MLB offseason progresses, the possibility of a Bogaerts-Red Sox reunion remains speculative but intriguing.

A Balancing Act with Father Time

LeBron James and the Lakers

AS the 2023-24 NBA season unfolds, the Los Angeles Lakers find themselves in a balancing act, attempting to honor their initial plan of minutes restriction for their 38-year-old superstar, LeBron James. At the beginning of the season, the Lakers, led by general manager Rob Pelinka and head coach Darvin Ham, expressed their commitment to managing James's minutes carefully in recognition of his 21st season.

However, just one game into the season, that plan appears to have been tossed aside. During the opening night game against the Denver Nuggets, James played 29 minutes out of a 119-107 loss. The impact of his presence on the court was evident, as the Lakers outscored the Nuggets by seven points while he played and were outscored by 19 points when he was on the bench.

The initial intention was to limit James to around 30 minutes per game, but he has averaged 37.3 minutes in the four games following the season opener. This trend raises concerns, especially given James's unique ability to impact the game.

The Lakers' decision to chase early wins is seemingly in conflict with their commitment to managing James's minutes. While their net rating with James on the court is an impressive +8.7, it drops significantly to -23.2 when he is not playing.

This situation raises questions about the long-term effects on James's performance and the Lakers' ability to achieve their goals this season. Balancing the pursuit of victories and James's well-being will be a significant challenge for the Lakers throughout the season.

Trevor Bauer's Quest for Redemption: Will Any MLB Team Take a Chance?

AFTER a tumultuous period marred by allegations of domestic violence, pitcher Trevor Bauer is seeking a return to the major leagues. Bauer's journey from being the highest-paid Dodgers pitcher to facing a 194-game suspension due to violating the MLB's domestic violence and sexual assault policy has been nothing short of a rollercoaster.

In a surprising turn of events, Bauer's agent hinted at his potential return to the Dodgers during the recent playoffs. Although not explicitly mentioned, the implications were clear—Bauer could have been an asset in the postseason. The Dodgers, however, had severed ties with him and paid his \$22.5 million 2023 salary after the suspension.

No other major league team signed Bauer, despite the Dodgers absorbing his salary. He played in Japan, where he was voted an All-Star by fans. Now, with the 2023 season underway, the 32-year-old is eager to make his comeback in the major leagues. The question remains: Will any team take a chance on Bauer?

Reputational damage from the suspension and accusations of sexual assault may hinder his chances. Although he was not charged with a crime, an arbitrator still handed down a 194-game suspension, the longest under the domestic violence and sexual assault policy. Bauer's evidence, including a settlement with one of his accusers, video evidence, and text messages, has cast

doubt on the allegations, but the final verdict was left to speculation.

Several challenges lie ahead for Bauer. Convincing an MLB team to take a chance on him will be difficult, and any ownership seeking to do so could face backlash from fans. Bauer's checkered past and his ongoing legal battle with another accuser in Phoenix only complicate the matter further.

Despite serving his suspension and potentially wanting to make amends, Bauer may need to accept that his chances of returning to the major leagues are relatively slim. The overarching question for any team considering him is whether he fits with the organization's brand, values, and character. Apologies and pleas for second chances may not be part of the equation, given Bauer's insistence on his innocence.

In the end, it will be a test of whether Major League Baseball and its teams are willing to look past the baggage and provide a second chance to a player who remains a polarizing figure. Bauer's journey to redemption remains an open book, with the next chapter yet to be written.

Ralf Schumacher Provides Rare Insights Into Michael Schumacher's Health

FOR nearly a decade, the condition of Formula 1 legend Michael Schumacher has remained shrouded in privacy following his devastating skiing accident in the French Alps in December 2013. His family, especially his wife, Corinna Schumacher, has diligently safeguarded his well-being.

Ralf Schumacher, Michael's brother and a former Formula 1 driver turned broadcaster, recently shared an emotional comment regarding his brother's health and family. Speaking with German magazine Bunte, Ralf expressed the challenges of accepting the situation, saying, "Unfortunately, sometimes life isn't fair. We have to accept it."

Amid this seclusion, Michael's son, Mick Schumacher, has been making a name for himself in the world of motorsports, having spent two seasons with the Haas Formula 1 team. This year, he has taken on reserve driver duties for the Mercedes Formula 1 team, with potential plans to race for Alpine in the World Endurance Championship next year.

Regarding the Schumacher children, Ralf commented, "When I see his children Gina-Maria and Mick, my heart smiles. If someone in the family seeks my advice, I'm here. They are charting their path."

Michael's lawyer, Felix Damm, recently explained the family's decision to keep

his health condition private, emphasizing their desire to protect his privacy. Damm expressed concerns that releasing a health report would subject the family to ongoing media scrutiny, potentially infringing on their privacy rights.

As Michael Schumacher's health remains a closely guarded secret, the world watches with bated breath, hoping for positive developments and, above all, respecting the family's wishes for privacy.

Unprecedented Drop in U.S. Money Supply May Signal Significant Stock Market Moves

THERE is a turn of events not seen since the Great Depression, the M2 money supply in the United States is undergoing a substantial decline, raising concerns among investors and economists.

M2 money supply considers cash, coins, traveler's checks, demand deposits, money market accounts, savings accounts, and certificates of deposit below \$100,000. While it's typically a stable economic metric, it has taken an unusual trajectory over the past 15 months.

Since reaching \$21.7 trillion in July 2022, M2 money supply has dropped, marking a significant departure from its historical trend of steady growth. Only five notable declines in M2 money supply have occurred over a century, with the last one during the Great Depression. As of September 2023, M2 money supply is down 3.17% from the previous year and 4.37% from its July 2022 peak.

This drop has raised concerns for a couple of reasons. Firstly, it could have economic implications, potentially leading to a decrease in consumer spending due to higher core inflation and increasing living costs. Secondly, historical data shows that previous significant M2 declines were followed by deflationary depressions and double-digit unemployment rates.

While the circumstances today are different due to the Federal Reserve's existence and its enhanced understanding

of monetary tools, a substantial decrease in the M2 money supply still raises the possibility of a stock market downturn.

While this isn't a foolproof prediction of stock market movements, it's an indicator that investors are keeping a close eye on imaginable consequences on the stock market's direction.

Google DeepMind's Vision for Advancing Robotics and Generative AI

GOOGLE'S DeepMind team recently unveiled Open X-Embodiment, a pioneering database of robotics functionality developed in collaboration with 33 research institutes. This initiative is likened to the groundbreaking ImageNet database, which houses over 14 million images and has significantly influenced computer vision research. Open X-Embodiment focuses on expanding the scope of robotics, offering a significant leap forward for the field.

While ImageNet has revolutionized computer vision research, DeepMind envisions Open X-Embodiment as a catalyst for advancing robotics. The database currently comprises 500+ skills and 150,000 tasks drawn from 22 robot embodiments. While these figures may not match ImageNet's scale, it's a promising start. Researchers at DeepMind have trained their RT-1-X model using this data to teach robots, achieving a 50% success rate compared to existing in-house methods.

DeepMind's head of robotics, Vincent Vanhoucke, sat down to discuss the journey toward achieving general-purpose robotics and the importance of generative AI in robotics.

The robotics team at DeepMind originated when the perception technology in areas like computer vision and audio processing reached a level close to human capabilities. The team foresaw that this would enable robots to operate effectively in real-world environments, provided they had strong perception and reasoning abilities. This laid the foundation for DeepMind's venture into robotics.

Vanhoucke highlighted the convergence of robotics and general AI, where

AI's perceptual capabilities underpin real-world robotics applications. This transition began with a collaborative skunkworks project involving robot arms, which initiated the concept of teaching robots generalized grasping using machine learning and AI.

DeepMind's collaboration with Everyday Robots, a separate team, yielded significant insights into machine learning as a tool to control robots. This collaboration subsequently influenced DeepMind's focus on the intelligence aspect of robotics.

The concept of general-purpose robotics involves the application of general-purpose methods across different robot embodiments and form factors. DeepMind aims to develop technology that bridges the gap between specific embodiments and the broader range of real-world applications, leveraging machine learning, AI, and generative AI.

Generative AI is expected to play a central role in the future of robotics. Large language models, initially developed for natural language processing, have expanded into common-sense reasoning and understanding of the

everyday world. These models encode common-sense knowledge that is vital for robot planning, interactions, and manipulations. DeepMind has successfully applied these models to various robotics problems, emphasizing the importance of common-sense reasoning in robot intelligence.

Simulation is integral to data collection and analysis in robotics. Simulations provide a way to bridge the gap between virtual and real-world environments, but the challenge lies in achieving an accurate simulation-to-reality transition. Generative AI can further enhance simulations by generating not only assets but also potential futures for robots, paving the way for more efficient and predictive planning without requiring extensive real-world testing.

DeepMind's vision for robotics and generative AI is focused on making robotics accessible across various applications and environments. This approach represents a pivotal step toward realizing the dream of general-purpose robotics, which holds the potential to revolutionize industries and improve the quality of life for many.

The Book of Revelation:

A Prophetic Warning for Our Times

THE Book of Revelation, the final book of the New Testament, has captivated readers for centuries with its vivid imagery, apocalyptic visions, and cryptic prophecies. While interpretations of this book may vary, many view it as a forewarning of significant events that will occur at the end of the day. In recent times, discussions and debates have arisen about whether we are witnessing the fulfillment of the book's prophecies. This article serves as a reflection on the Book of Revelation and a reminder that its teachings remain relevant and thought-provoking in our modern world.

A Book of Prophecy

The Book of Revelation, also known as the Apocalypse of John, was written in the first century by the apostle John while he was in exile on the island of Patmos. Its primary purpose was to provide hope and encouragement to the early Christian communities facing persecution under the Roman Empire. Revelation uses a series of vivid and often symbolic visions to convey its message.

End-Time Themes

Central to the Book of Revelation are end-time themes that include the return of Jesus Christ, the final judgment, the rise of the Antichrist, and the ultimate victory of good over evil. The book's predictions of natural disasters, wars, and plagues have led many to see parallels with our contemporary world.

Interpreting Revelation

Interpreting the Book of Revelation can be challenging. Its highly symbolic nature has led to a wide array of interpre-

tations throughout history. Some take a literal approach, expecting each event to happen exactly as described, while others see the book as a metaphorical depiction of spiritual truths.

A Cautionary Tale

While interpretations may vary, the Book of Revelation serves as a cautionary tale for all. It encourages readers to reflect on their actions and values and to be vigilant against the forces of darkness. It's a reminder that the choices we make as individuals and as a society have far-reaching consequences.

The Relevance Today

In our modern world, we often hear discussions about signs and events that may or may not align with the prophecies in the Book of Revelation. Climate change, political unrest, and the rapid advance of technology are just a few of the topics that lead to speculation. However, it's crucial to remember that interpretations are highly subjective and can lead to fear, anxiety, or even panic.

The Book of Revelation remains a source of fascination, inspiration, and debate. While it may offer insight into the human condition, spirituality, and the nature of good and evil, it is not a roadmap to predicting the future. Instead, it calls on us to live with purpose, uphold our values, and seek the path of righteousness. In these times of uncertainty and change, may the Book of Revelation serve as a reminder that we have the power to shape our destiny and to seek justice, peace, and compassion in our world.

This simple step can illuminate your face, erasing any signs of tiredness and reminding the world of your vibrancy.

Elegance in Simplicity: Eye Makeup

In your 40s and beyond, you might find that less is more when it comes to eye makeup. Complex and bold eye looks can sometimes emphasize fine lines. Opt for neutral tones and softly blended eyeshadows. By doing so, you embrace a timeless elegance that accentuates your natural beauty and grace.

Lash Confidence: The Power of a Curl

Your eyes are the windows to your soul, and beautifully curled lashes can enhance their expressiveness. Invest in a high-quality eyelash curler and use it before applying mascara. Through his works and lectures, Watts explored the intricacies of various religious traditions, emphasizing the interconnectedness of all things. In this article, we'll delve into Alan Watts' profound insights on religion and spirituality.

The Web of Interconnectedness

Watts often described the universe as an intricate web, where every element, from the smallest grain of sand to the grandest galaxy, is interconnected and interdependent. He encouraged individuals to recognize that they are not separate from the cosmos but rather integral threads in the cosmic tapestry. This interconnectedness extends to our relationships with one another and with the divine.

The Illusion of Separation

Central to Watts' teachings is the idea that the perceived separation between individuals, the world, and the divine is a mere illusion. He believed that human beings are not distinct entities isolated from the universe or a higher power but rather an inseparable part of it. This concept challenges conventional notions of separation and duality.

Embracing the Eternal Now

Watts urged people to embrace the present moment fully. He asserted that the past and future are constructs of the human mind and that life unfolds in the here and now. By living in the present, individuals can cultivate a profound connection with the divine and experience the richness of existence.

tence.

Direct Religious Experience

Watts was an advocate for direct religious experience. He emphasized the importance of personal encounters with spirituality, transcending rigid dogmas and belief systems. Rather than viewing religious practices and rituals as ends in themselves, he saw them as means to facilitate direct experiences of the divine.

Comparative Religion and Symbolism

A scholar of both Eastern and Western religious traditions, Watts frequently compared and contrasted these belief systems. He was fascinated by the commonalities and differences among them. He also recognized the power of religious myths and symbols in conveying deep truths, considering them as vehicles for understanding realities that surpass ordinary language.

Alan Watts' approach to religion was both profound and playful. He believed that a lighthearted and open-minded attitude was essential for gaining a deeper comprehension of the divine. Rather than adhering to strict dogmas, Watts encouraged individuals to explore spirituality with a sense of wonder and curiosity.

Alan Watts' insights on religion challenge conventional notions of separation, encourage a focus on the present moment, and emphasize direct personal experience. His teachings continue to inspire individuals to explore the profound questions of existence, the nature of reality, and the essence of spirituality. Watts' legacy endures, offering a unique perspective that transcends cultural and religious boundaries, inviting all to embark on a journey of self-discovery and spiritual exploration.

In the Garden of Hearts:

The Enchanted World of Flowers

FLOWERS, with their vibrant hues and delicate petals, possess an enchanting allure that sweeps the heart away. These exquisite gifts of nature come in an endless array of shapes, sizes, and colors, casting a spell of joy and wonder upon our souls. In this voyage, we shall delve into the captivating realm of flowers, exploring their profound significance and the role they play in our lives.

Aesthetic Delight

One cannot help but be entranced by the sheer beauty of flowers. Their vivid colors and intricate patterns have the power to illuminate any space, infusing it with an ethereal charm that is unmatched. Whether displayed in a vase, flourishing in a garden, or gracing a special occasion, flowers radiate an aesthetic charm that whispers of elegance and grace. Across the ages, many cultures have woven the magic of flowers into their art, fashion, and design, as symbols of sheer beauty and sophistication.

Expressing Emotions

Flowers possess an enchanting ability to speak the language of the heart. Different blooms are imbued with a myriad of sentiments. For instance, the crimson rose, like a burning ember, symbolizes love and passion, while the pristine white lily embodies purity and sympathy. This eloquent communication through flowers, known as floriography, permits us to convey our deepest emotions without uttering a single word. Bouquets are offered on birthdays, anniversaries, and even in times of sorrow, articulating feelings that words alone may fail to encompass.

Cultural Significance

Throughout the tapestry of history, flowers have held a sacred place, entwined in the cultural and symbolic fabric of our existence. In ancient civilizations, they played an integral role in rituals, ceremonies, and religious practices. Even in our modern era, they continue to be integral to a myriad of traditions, from the lotus in Buddhism to the rose in Christian iconography. Flowers have served as wellsprings of inspiration for artists, poets, and writers for centuries, a testament to their profound influence on human culture.

Wellness and Healing

Beyond their visual splendor, flowers harbor a therapeutic grace. Consider aromatherapy, which harnesses the essence of blossoms to create essential oils. These fragrances are believed to soothe the soul, alleviate stress, and nurture mental well-being. In various cultures, the extracts of flowers

have been harnessed for their medicinal virtues, with calendula and lavender as paragons of healing.

Connection with Nature

For many, flowers offer a tangible link to the world's natural beauty. In the heart of a bustling urban landscape, a flourishing garden or a potted plant can serve as a poignant reminder of the wonders of the great outdoors. Gardening, a cherished pastime, allows individuals to tend to and cultivate their own flowers, fostering a deeper communion with the splendors of nature.

The Gift of Giving

The act of bestowing and receiving flowers is a universal gesture of tenderness and gratitude. Whether it be a solitary stem or an opulent bouquet, flowers are an eloquent expression of love, appreciation, or solace. The radiant smile that blooms upon a person's face when presented with a bouquet stands as a testament to the sheer joy these blossoms can bestow.

Flowers are not mere ornaments but a rich tapestry of human emotions, culture, and the natural world. They enchant our lives in myriad ways, from illuminating our surroundings to symbolizing profound sentiments. These delicate wonders of the natural realm possess the enchanting power to lift our spirits, deepen our connections, and infuse romance and beauty into our lives.

Factors Influencing Civic Discourse

The State of Open Debate

AN era marked by political polarization, technological advancements, and rapidly shifting social norms, the willingness to engage in open debate and civil discourse is both a reflection of a society's health and a driver of change.

The openness to debate is far from uniform, influenced by a multitude of factors that vary across individuals, communities, and entire societies. Understanding this landscape is crucial for fostering healthy civic discourse and strengthening democratic principles.

Cultural and Societal Factors

Cultural norms and societal values significantly shape the openness to debate. In some cultures, the emphasis on consensus and harmony might deter individuals from openly disagreeing. In contrast, other societies encourage robust and confrontational debates as a way to reach collective decisions. The degree to which cultural values promote open dialogue can greatly influence a society's openness to debate.

Political Climate and Legal Protections

The political climate of a country or region plays a pivotal role in shaping the landscape of open debate. In more authoritarian or repressive environments, open debate may be suppressed or met with censorship.

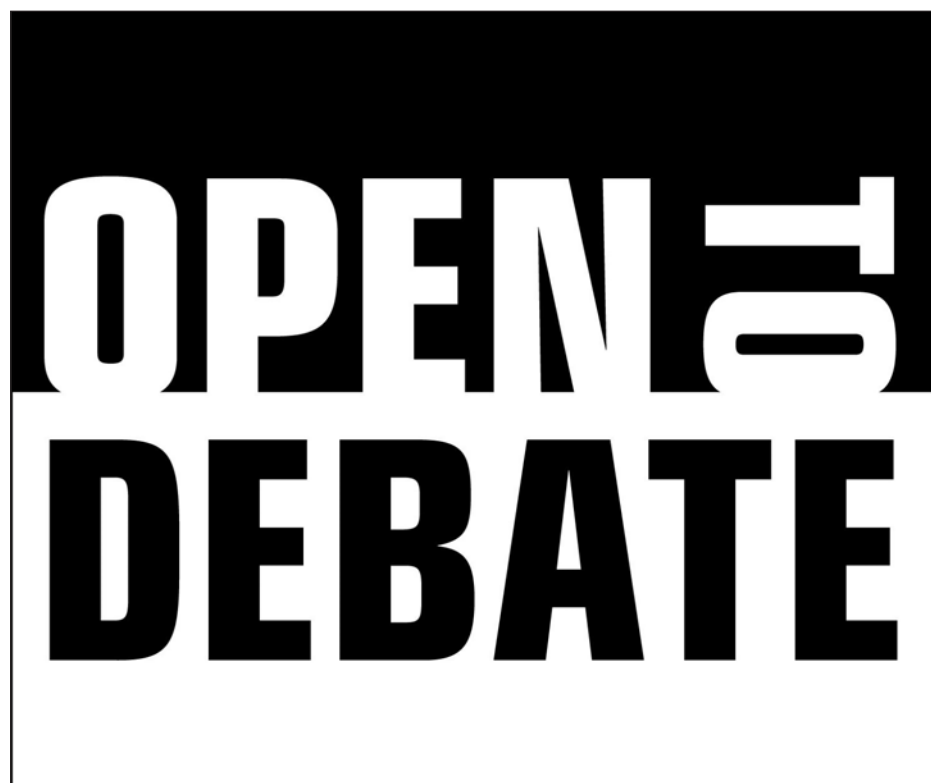

In democratic societies, freedom of speech and open dialogue are often protected rights. Public policies and legal protections can significantly influence the degree to which citizens feel safe engaging in debate.

Education and Media Landscape

The quality of civic education and the media landscape also play a crucial role in shaping a society's openness to debate. Well-informed citizens who have received civic education are often more willing to engage in meaningful debates. An independent and diverse media can facilitate open dialogue by presenting different perspectives, thereby enriching the discourse.

Personal Beliefs and Convictions

The personal beliefs, values, and attitudes of individuals are intrinsic factors influencing their willingness to engage in debate. Those with strong convictions on certain issues may be more open to debate to defend their positions, while others may avoid or reject debate in an attempt to preserve their beliefs.

Fear of Backlash

The fear of backlash, whether personal or professional, can be a significant deterrent to open debate. Individuals may refrain from voicing their opinions due to concerns about potential consequences, especially when discussing sensitive or controversial topics.

Online and Social Media

The advent of social media has transformed the landscape of open debate. While these platforms provide a space for discussion and dialogue, they have also given rise to echo chambers and online harassment. The nature of online debates can vary widely, with some platforms promoting constructive discussions and others fostering hostility.

Civil Discourse and Respect

Open debate is most productive when conducted with civility and respect. Societies that prioritize civil discourse are more likely to encourage open dialogue and productive debates. Promoting respectful exchange of ideas is essential for maintaining healthy civic discourse.

The state of open debate in a society is a dynamic and evolving phenomenon, subject to change over time. Fostering an environment that values constructive discourse and respectful exchange of ideas is essential for strengthening democratic principles and addressing the challenges of a rapidly changing world. The willingness to engage in debate is shaped by a complex interplay of factors, and societies must continually strive to create spaces where open dialogue is encouraged and differences can be resolved through respectful and informed debate.

The Enduring Power of Kindness:

Beyond Niceness in Human Interactions

THE intricate tapestry of human interactions, the distinction between being a “nice” person and a “kind” person sparks profound questions about our values, intentions, and the impressions we leave. It’s a dilemma we’ve all pondered at some point: Is it more important to be seen as nice or to be recognized as kind? And does a significant difference exist between the two?

Let’s begin by dissecting the definitions. “Nice” is often associated with pleasantness and agreeableness, implying a person who is easy to be around. In contrast, “kind” carries connotations of moral virtue and benevolence, suggesting someone who acts with compassion and ethical integrity. These definitions lay the foundation for distinguishing between niceness and kindness.

The contemplations of individuals like Sarah lead us to explore the intricacies of this dichotomy. While being nice often involves a friendly demeanor and polite conduct, it doesn’t guarantee moral uprightness or ethical behavior. Conversely, a kind person upholds moral values, demonstrates empathy, and may not always come across as the friendliest or most sociable.

Sarah’s reflections offer insights into the nuanced relationship between being nice and being kind. It’s possible for someone to exhibit charm and niceness in certain situations, but their actions may contradict their kindness. Similarly, a person who consistently helps others and contributes

to their community, despite a lack of friendliness, can be deemed a kind person with a less outgoing disposition.

This brings us to the heart of the matter. When we contemplate our own legacies and how we want to be remembered, the distinction between being nice and being kind becomes pivotal. Sarah’s introspection on her character and the impact she leaves on others reflects a universal sentiment. We all grapple with the idea of being remembered for our virtues and our flaws.

In an ideal world, most of us would aim for a balance between niceness and kindness, as Sarah suggests. However, if we were to prioritize one over the other, the consensus often leans toward being remembered as a kind person. Kindness, rooted in moral principles and compassionate actions, has a profound impact on the lives of others and society as a whole. While niceness makes for pleasant interactions, it may not leave as enduring a legacy.

In the end, the equilibrium between being nice and being kind is a deeply personal journey. It reflects our values, choices, and the impact we seek to make on the world. We must acknowledge that people are complex beings, and we all have moments of both niceness and kindness. What truly matters is our genuine commitment to moral virtue, compassionate behavior, and leaving a legacy that transcends mere niceness, anchored in enduring kindness.

Navigating Perceptions of Intimidation

Strong, Independent Women

TODAY'S diverse and evolving world, the dynamics of relationships are continually shifting, and so too are the perceptions of strong, independent women by men. While some men may feel intimidated by these qualities, it's important to emphasize that this perception is far from universal. In this article, we delve into the complexities of this issue from a woman's perspective.

Strong, independent women possess a wealth of qualities that can be empowering. These women often radiate self-confidence, ambition, and determination. Their independence is typically reflected in their self-sufficiency and ability to make decisions autonomously. In many cases, they are educated, career-oriented, and driven to achieve their goals.

However, some men find these qualities intimidating. Understanding why can help shed light on this issue. It's crucial to remember that individual insecurities and traditional beliefs can play a significant role in shaping these perceptions. Men who lack self-confidence or harbor insecurities may fear that they won't meet the standards set by strong, independent women. These women's self-assuredness may unintentionally highlight men's insecurities.

Moreover, traditional gender roles have long defined masculinity as dominant and women as more submissive. Women who challenge these norms by being strong and independent can encounter discomfort from men who hold these traditional beliefs. This can be a source of tension, as these men may feel threatened by women who reject the societal norms they hold dear.

On the other hand, many men embrace and appreciate strong, independent women. From a woman's perspective, these men often display confidence and self-assuredness, which can be mutually attractive. They admire the qualities of determination, resilience, and intelligence that strong women exhibit. Instead of feeling threatened, these men view these women as equal partners.

It's important to understand that personal preferences play a significant role in this dynamic. Just as men have varying preferences when it comes to the qualities they seek in a partner, strong, independent women naturally attract or are attracted to men who value their strength and independence. For many, it's not about intimidation but rather compatibility.

To navigate this multifaceted landscape, open and effective communication is key. Strong, independent women

can help dispel misunderstandings and reduce feelings of intimidation by openly communicating their expectations, goals, and boundaries. Such communication enables men to appreciate the strengths of these women and creates a foundation for building healthier and more respectful relationships.

The perception of strong, independent women as intimidating is subjective and varies widely among men. Understanding the influence of individual personalities, beliefs, and self-confidence is essential. From a woman's perspective, fostering open and respectful communication can bridge gaps, dispel misunderstandings, and lead to relationships based on mutual understanding and appreciation. The evolving dynamics of relationships offer room for growth, change, and mutual support, celebrating the diversity of individuals and their unique qualities.
